ANNUAL FINANCIAL STATEMENTS AND OTHER INFORMATION July 31, 2025

Investment Adviser:

Leader Capital Corp. 315 W. Mill Plain Blvd., Suite 204 Vancouver, WA 98660 1-800-711-9164 www.leadercapital.com

Distributed by Matrix 360 Distributors, LLC Member FINRA

This report is authorized for distribution only to shareholders and to others who have received a copy of the Funds' prospectus.

IMPORTANT NOTE: The Securities and Exchange Commission (the "SEC") adopted rule and form amendments which have resulted in changes to the design and delivery of annual and semi-annual reports (the "Reports"). The Reports are now streamlined to highlight key information about the Funds. Certain information previously included in the Reports, including the Funds' financial statements, will no longer appear in the Reports, but will be available online within the Annual and Semi-Annual Financial Statements and Other Information, delivered free of charge, and filed with the SEC.

Leader Short Term High Yield Bond Fund SCHEDULE OF INVESTMENTS (Continued) July 31, 2025

- (a) The Liquidity Administrator has determined that these securities are illiquid. As of July 31, 2025, these securities amounted to \$0 or 0% of net assets.
- (b) The value of these securities have been determined in good faith by the Valuation Designee under the policies adopted by the Board of Trustees. See Note 3 to the Notes to the Financial Statements.
- (c) Rate shown represents the dividend rate as of July 31, 2025.
- (d) Perpetual security. Perpetual securities have no stated maturity date, but they may be called/redeemed by the issuer at any time.
- (e) Security exempt from registration under Rule 144A or Section 4(2) of the Securities Act of 1933. The security may be resold in transactions exempt from registration, normally to qualified institutional buyers. As of July 31, 2025, the total market value of 144A securities is \$141,565,331 or 91.73% of net assets.
- (f) Variable or floating rate security, the interest rate of which adjusts periodically based on changes in current interest rates and prepayments on the underlying pool of assets.
- (g) Variable rate security; the rate shown represents the rate as of July 31, 2025.
- (h) Rate disclosed is the seven day effective yield as of July 31, 2025.
- (i) Non-income producing security.
- (i) Security is in default.

The following abbreviations are used in this portfolio:

CLO - Collateralized Loan Obligation

LLC - Limited Liability Company

LP - Limited Partnership

Ltd. - Limited Company

- (a) The Liquidity Administrator has determined that these securities are illiquid. As of July 31, 2025, these securities amounted to \$0 or 0.00% of net assets.
- (b) The value of these securities have been determined in good faith by the Valuation Designee under the policies adopted by the Board of Trustees. See Note 3 to the Notes to the Financial Statements.
- (c) Non-income producing security.
- (d) Security exempt from registration under Rule 144A or Section 4(2) of the Securities Act of 1933. The security may be resold in transactions exempt from registration, normally to qualified institutional buyers. As of July 31, 2025, the total market value of 144A securities is \$1,069,188,678 or 87.09% of net assets.
- (e) Variable or floating rate security, the interest rate of which adjusts periodically based on changes in current interest rates and prepayments on the underlying pool of assets.
- (f) Rate disclosed is the seven day effective yield as of July 31, 2025.
- (9) Affiliated investment company. See Note 9 to the Notes to the Financial Statements.

⁽⁹⁾ Amount was less than \$0.005 per share.

1. Organization

Leader Funds Trust (the "Trust"), a Delaware statutory trust organized on February 1, 2019, is comprised of the Leader Capital Short Term High Yield Bond Fund (the "High Yield Fund") and Leader Capital High Quality Income Fund (the "High Quality Fund") (each a "Fund" and collectively the "Funds"), each a series of shares of beneficial interest of the Trust. The Trust is registered under the Investment Company Act of 1940, as amended (the "1940 Act") as an open-end management investment company. Each Fund represents a distinct, diversified series with its own investment objective and policies within the Trust. The primary investment objective of the High Yield Fund and the High Quality Fund is to deliver a high level of current income, with a secondary objective of capital appreciation. The High Yield Fund and High Quality Fund commenced operations on July 14, 2005 and July 30, 2010, respectively.

Each Fund currently offers four classes of shares: Investor Class, Institutional Class, Class A and Class C. Investor, Institutional and Class C shares are offered at net asset value ("NAV") for the Funds. Class A shares are offered at NAV plus a maximum sales charge of 4.00%. Each class represents an interest in the same assets of the Fund and each class is identical except for differences in their sales charge structures and ongoing service and distribution charges. All classes of shares have equal voting privileges except that each class has exclusive voting rights with respect to its service and/or distribution plans. The Funds' income, expenses (other than class specific distribution fees), and realized and unrealized gains and losses are allocated proportionately each day based upon the relative net assets of each class.

2. Significant Accounting Policies

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of their financial statements. These policies are in conformity with the generally accepted accounting principles ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates. Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standard Codification Topic 946 "Financial Services – Investment Companies".

- a) Security Valuation All investments in securities are recorded at their estimated fair value, as described in note 3.
- b) Security Transactions and Related Income Security transactions are accounted for on trade date. Interest income is recognized on an accrual basis. Discounts are accreted and premiums are amortized on securities purchased over the lives of the respective securities. Dividend income is recorded on the ex-dividend date. Realized gains or losses from sales of securities are determined by comparing the identified cost of the security lot sold with the net sales proceeds. The accounting records are maintained in U.S. dollars.
- c) Investment Companies The Funds may invest in exchange-traded funds ("ETFs") as part of their principal investment strategies. ETFs are subject to investment advisory and other expenses, which will be indirectly paid by the Funds. As a result, your cost of investing in the Fund will be higher than the cost of investing directly in ETFs and may be higher than other mutual funds that invest directly in stocks and bonds. ETFs are listed on national stock exchanges and are traded like stocks listed on an exchange. ETF shares may trade at a discount to or a premium above NAV if there is a limited market in such shares. ETFs are also subject to brokerage and other trading costs, which could result in greater expenses to the Fund. Because the value of ETF shares depends on the demand in the market, the Adviser may not be able to liquidate the Fund's holdings at the most optimal time, adversely affecting performance. An ETF is subject to specific risks, depending on the nature of its investment strategy, which could include liquidity risk, sector risk and emerging market risk. In addition, ETFs that use derivatives may be subject to counterparty risk, liquidity risk, and other risks commonly associated with investments in derivatives. An ETF may not be able to replicate exactly the performance of the indices it tracks, if any, because the total return generated by the securities will be reduced by transaction costs incurred in adjusting the actual balance of the securities. In addition, an ETF will incur expenses not incurred by its underlying index. Certain securities comprising the index tracked by an ETF may, from time to time, temporarily be unavailable, which may further impede the ETF's ability to track its underlying index.
- d) Distributions to Shareholders Dividends from net investment income are declared and paid monthly for the High Yield Fund and declared daily and paid monthly for the High Quality Fund. Distributable net realized capital gains are declared and distributed annually. Dividends and distributions to shareholders are recorded on ex-date. Dividends from net investment

2. Significant Accounting Policies (Continued)

income and distributions from net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These "book/tax" differences are considered either temporary (i.e., deferred losses, capital loss carry forwards) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax-basis treatment. Temporary differences do not require reclassification. These reclassifications have no effect on net assets, results from operations or NAV per share of the Funds.

e) Federal Income Taxes – It is each Fund's policy to continue to qualify as a regulated investment company by complying with the provisions of the Internal Revenue Code that are applicable to regulated investment companies and to distribute substantially all of their taxable income and net realized gains to shareholders. Therefore, no federal income tax provision is required.

Each Fund recognizes the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed each Fund's tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years May 31, 2022 – July 31, 2024, or expected to be taken in each Fund's July 31, 2025 tax returns. Each Fund identifies its major tax jurisdictions as U.S. Federal and foreign jurisdictions where each Fund makes significant investments. Each Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

- f) Expenses Expenses of the Trust that are directly identifiable to a specific fund are charged to that Fund. Expenses that are not readily identifiable to a specific Fund are allocated in such a manner as deemed equitable, taking into consideration the nature and type of expense and the relative sizes of the Funds in the Trust.
- g) Indemnification The Trust indemnifies its officers and Trustees for certain liabilities that may arise from the performance of their duties to the Trust. Additionally, in the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties and which provide general indemnities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, based on experience, the risk of loss due to these warranties and indemnities appears to be remote.
- h) Payment from affiliate As disclosed in the financial statements for the fiscal year ended July 31, 2024, Leader Capital Corp. (the "Adviser") reimbursed \$1,162,979 for losses resulting from a NAV error that occurred from February 22, 2022 through July 31, 2024. For the fiscal year ended July 31, 2025, the Adviser reimbursed the High Yield Fund an additional \$972,265 for the same NAV error, as a result of the effect the error had on redemptions during the year through the date of correction. The reimbursement is reflected in the High Yield Fund's financial statements and is included in capital transactions in the Statements of Changes in Net Assets. With the additional reimbursement made during the fiscal year ended July 31, 2025, the NAV error has been fully remediated and no further reimbursements are expected.
- Segment Reporting In this reporting period, the Funds adopted FASB Accounting Standards Update 2023-07, Segment Reporting ("Topic 280") – Improvements to Reportable Segment Disclosures ("ASU 2023-07"). Adoption of the new standard impacted financial statement disclosures only and did not affect the Funds' financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. Leader Capital Corp. acts as the Funds' CODM. Each Fund represents a single operating segment, as the CODM monitors the operating results of each Fund as a whole and each Funds' long-term strategic asset allocation is pre-determined in accordance with the terms of its prospectus, based on a defined investment strategy which is executed by each Fund's portfolio managers as a team. The financial information in the form of the Funds' portfolio composition, total returns, expense ratios and changes in net assets (i.e., changes in net assets resulting from operations, subscriptions and redemptions), which are used by the CODM to assess the segment's performance versus the Funds' respective comparative benchmarks and to make resource allocation decisions for each Funds' single segment, is consistent with that presented within the Funds' financial statements. Segment assets are reflected on the accompanying statement of assets and liabilities as "total assets" and significant segment expenses are listed on the accompanying statement of operations.

3. Securities Valuation and Fair Value Measurements

Generally, securities are valued each day at the last quoted sales price on each security's principal exchange. Securities traded or dealt in upon one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid and ask prices on such exchange. Securities primarily traded in the National Association of Securities Dealers' Automated Quotation System ("NASDAQ") National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally shall be valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the-counter market. Debt securities not traded on an exchange may be valued at prices supplied by a pricing agent(s) based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity. If market quotations are not readily available, securities will be valued at their fair market value as determined using the "fair value" procedures approved by the Board of Trustees (the "Board"). The independent pricing service does not distinguish between smaller-sized bond positions known as "odd lots" and larger institutional-sized bond positions known as "round lots". The Fund may fair value a particular bond if the adviser does not believe that the round lot value provided by the independent pricing service reflects fair value of the Fund's holding. In these cases, each Fund's NAV will reflect certain portfolio securities' fair value rather than their market price. Securities and assets for which representative market quotations are not readily available or that cannot be accurately valued using a Fund's normal pricing procedures are valued at fair value as determined in good faith under policies approved by the Board. Fair value pricing may be used, for example, in situations where (i) a portfolio security, such as a small-cap stock, is so thinly traded that there have been no transactions for that stock over an extended period of time or the validity of a market quotation received is questionable; (ii) the exchange on which the portfolio security is principally traded closes early; (iii) trading of the particular portfolio security is halted; (iv) the security is a restricted security not registered under federal securities laws purchased through a private placement not eligible for resale; or (v) the security is purchased on a foreign exchange. The Board reviews and ratifies the execution of this process and the resultant fair value prices at least quarterly to assure the process produces reliable results.

Each Fund may invest in portfolios of open-end or closed-end investment companies (the "Underlying Funds"). The Underlying Funds value securities in their portfolios for which market quotations are readily available at their market values (generally the last reported sale price) and all other securities and assets at their fair value to the methods established by the board of directors of the Underlying Funds.

Open-end investment companies are valued at their respective NAVs as reported by such investment companies. The shares of many closed-end investment companies, after their initial public offering, frequently trade at a price per share, which is different than the NAV per share. The difference represents a market premium or market discount of such shares. There can be no assurances that the market discount or market premium on shares of any closed-end investment company purchased by the Funds will not change.

The Funds utilize various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of input are:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability either
 directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for
 similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.
- Level 3 Unobservable inputs for the asset or liability to the extent that relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions that a market participant would use in valuing the asset or liability, and that would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

3. Securities Valuation and Fair Value Measurements (Continued)

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

A description of the valuation techniques applied to the Company's major categories of assets and liabilities measured at fair value on a recurring basis follows:

Equity securities (common stock and preferred stock) – Securities traded on a national securities exchange (or reported on the NASDAQ national market) are stated at the last reported sales price on the day of valuation. To the extent these securities are actively traded, and valuation adjustments are not applied, they are categorized in level 1 of the fair value hierarchy. Certain foreign securities may be fair valued using a pricing service that considers the correlation of the trading patterns of the foreign security to the intraday trading in the U.S. markets for investments such as American Depositary Receipts, financial futures, ETFs, and the movement of the certain indexes of securities based on a statistical analysis of the historical relationship and are categorized in level 2. Preferred stock and other equities traded on inactive markets or valued by reference to similar instruments are also categorized in level 2.

Money market funds and mutual funds – Money market funds and mutual funds are valued at their net asset value per share and are categorized as level 1.

Fixed income securities (asset-backed securities ("ABS"), collateralized loan obligations ("CLO") and mortgage-backed securities ("MBS") - Securities valued using market quotations in an active market, will be categorized as Level 2 securities. However, they may be valued on the basis of prices furnished by a pricing service when the Adviser believes such prices more accurately reflect the fair value of such securities. A pricing service utilizes electronic data processing techniques based on yield spreads relating to securities with similar characteristics to determine prices for normal institutional-size trading units of debt securities without regard to sale or bid prices. These securities will generally be categorized as Level 2 securities. If the Adviser decides that a price provided by the pricing service does not accurately reflect the fair value of the securities, when prices are not readily available from a pricing service, or when certain restricted or illiquid securities are being valued, securities are valued at fair value as determined in good faith by the Valuation Designee, in conformity with guidelines adopted by and subject to review of the Board and the Fair Valuation Committee. These securities will be categorized as Level 3 securities. The Adviser may use inputs such as evaluated broker quotes in inactive markets, actual trade prices in inactive markets, present value of expected future cash flows, terms of expected bond restructurings, and yields on similar securities in determining the fair value of such Level 3 securities.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following tables summarize the inputs used as of July 31, 2025, for each Fund's assets and liabilities measured at fair value:

High Yield Fund:

Financial Instruments - Assets				
Classification	Level 1	Level 1 Level 2		Totals
Common Stock ⁽¹⁾	\$ 805,500	\$ —	\$ —	\$ 805,500
Preferred Stock ⁽¹⁾	905,254	_	_	905,254
Closed-End Fund(1)	184,569	_	_	184,569
Asset Backed Securities	_	141,164,054	_	141,164,054
Corporate Bonds ⁽¹⁾⁽²⁾	_	7,446,562	_	7,446,562
Non U.S. Government Bonds	_	401,277	_	401,277
Short-Term Investment	1,816,925			1,816,925
Total Assets	\$ 3,712,248	\$149,011,893	<u> </u>	\$152,724,141

3. Securities Valuation and Fair Value Measurements (Continued)

High Quality Fund:

Financial Instruments - Assets Classification	Level 1	Level 2	Level 3	Totals
Preferred Stock ⁽¹⁾⁽²⁾	\$ —	\$ —	\$ —	\$ —
Mutual Fund ⁽¹⁾	29,406,758	_	_	29,406,758
Asset Backed Securities	_	1,071,473,103	_	1,071,473,103
Corporate Bonds ⁽¹⁾	_	42,095,560	_	42,095,560
Short-Term Investment	91,244,403	<u></u>		91,244,403
Total Assets	<u>\$120,651.161</u>	\$1,113,568,663	<u>\$</u>	\$1,234,219,824

⁽¹⁾ For a detailed break-out of common stock, preferred stock, closed-end funds and mutual funds by industry or asset class, please refer to the Schedule of Investments.

Transfers in and out of Levels during the period are assumed to be transferred on the last day of the period at their current value. During the year ending July 31, 2025, the Funds had no Level 1 to Level 2 transfers or Level 2 to Level 3 transfers.

Significant unobservable inputs were used by the Funds for Level 3 Fair value measurements. The High Yield Fund holds a Corporate Bond (VTB Bank) valued at zero and is based on unobservable inputs. The High Quality Fund holds a Preferred Stock (Boxabl, Inc.), valued at zero and is based on unobservable inputs.

The following tables are reconciliation of assets in which Level 3 inputs were used in determining value:

High Yield Fund	Balance as of July 31, 2024	Realized gain (loss)	Change in unrealized appreciation (depreciation)	Purchases	Sales	Transfers into Level 3	Transfers out of Level 3	Balance as of July 31, 2025
VTB Bank PJSC Via VTB Eurasia DAC	s —	s —	s —	\$ —	\$ —	s —	æ	s —
VIB Eurasia DAC	5 —	ъ —	5 —	» —	ъ —	ъ —	ъ —	ъ —
High Quality Fund	Balance as of July 31, 2024	Realized gain (loss)	Change in unrealized appreciation (depreciation)	Purchases	Sales	Transfers into Level 3	Transfers out of Level 3	Balance as of July 31, 2025
Boxabl, Inc.	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —
TOTALS	_	_	_	_	_	_	_	_

The following is a quantitative summary of the techniques and inputs used to fair value the Level 3 securities as of July 31, 2025:

Quantitative information about Level 3 fair value measurements

High Yield Fund	Fair value at 07/31/2025	Valuation technique(s)	Unobservable input	Range
			Estimated	
			proceeds	
Corporate Bond	\$ —	Adviser	from sale(1)	\$ —

⁽¹⁾ A significant increase in this input in isolation would result in a significantly higher fair value measurement.

⁽²⁾ Investments in VTB Bank PJSC Via VTB Eurasia DAC ("VTB Bank") corporate bond in the High Income Fund are being valued at zero by the Adviser using Level 3 inputs. Investments in Boxabl, Inc. preferred stock in the High Quality Fund are being valued at zero by the Adviser using Level 3 inputs.

3. Securities Valuation and Fair Value Measurements (Continued)

Quantitative information about Level 3 fair value measurements

High Quality Fund	Fair value at 07/31/2025	Valuation technique(s)	Unobservable input	Range
			Estimated	
			proceeds	
Preferred Stock	\$ -	Adviser	from sale(1)	\$ —

¹⁾ A significant increase in this input in isolation would result in a significantly higher fair value measurement.

The total change in unrealized appreciation attributable to Level 3 investments still held at July 31, 2025 is shown below.

	Total Change in Unrealized Appreciation
High Yield Fund	\$ —
Total	<u> </u>
	Total Change in Unrealized Appreciation
High Quality Fund	\$ —
Total	\$ —

4. Investment Transactions

For the year ended July 31, 2025, aggregate purchases and sales of investment securities (excluding short-term investments) for the Funds were as follows:

			U.S. Governme	ent Obligations
	Purchases	Sales	Purchases	Sales
High Yield Fund	\$ 267,923,715	\$ 218,130,060	\$ 5,212,100	\$ 5,212,100
High Quality Fund	1,581,683,056	1,224,415,706	476,192,600	514,494,591

5. Aggregate Unrealized Appreciation And Depreciation - Tax Basis

	Tax Cost		Gross Unrealized Appreciation		Gross Unrealized Depreciation		Net Unrealized Appreciation / (Depreciation)	
High Yield Fund	\$	153,784,357	\$	2,806,848	\$	(3,867,064)	\$	(1,060,216)
High Quality Fund	1	,227,642,202		10,789,359		(4,211,737)		6,577,622

6. Advisory Fees and Other Related Party Transactions

Pursuant to an investment advisory agreement between the Adviser and the Trust, on behalf of each Fund, the Adviser, under the oversight of the Board, directs the daily operations of the Funds and supervises the performance of administrative and professional services provided by others. As compensation for its services and the related expenses borne by the Adviser, each Fund pays the Adviser a management fee, computed and accrued daily and paid monthly, at an annual rate of (i) 0.75% of the High Yield Fund's average daily net assets up to and including \$1.25 billion; or (ii) 0.70% of the High Yield Fund's average daily net assets over \$1.25 billion; (iii) 0.65% of the High Quality's Fund's average daily net assets; prior to April 10, 2023, the management fee for the High Quality Fund was 0.75%. For the year ended July 31, 2025, the High Yield Fund and High Quality Fund accrued \$947,394 and \$6,902,057 in management fees, respectively. The Adviser voluntarily waived \$154,857 in affiliated fund fees associated with the High Quality Fund's investment in the High Yield Fund.

6. Advisory Fees and Other Related Party Transactions (Continued)

Vigilant Distributors, LLC ("Vigilant") acted as each Fund's principal underwriter in a continuous public offering of each Fund's Investor Class, Institutional Class, Class A and Class C shares through May 30, 2025. For the period from August 1, 2024 through May 30, 2025, Vigilant received \$8,825 in underwriting commissions from subscriptions into the High Quality Fund. Vigilant did not receive any underwriting commissions from the High Yield Fund.

Matrix 360 Distributors, LLC (the "Distributor") acts as each Fund's principal underwriter in a continuous public offering of each Fund's Investor Class, Institutional Class, Class A and Class C shares effective May 31, 2025. For the period from May 31, 2025 through July 31, 2025, the Distributor received \$1,965 in underwriting commissions from subscriptions into the High Quality Fund. The Distributor did not receive any underwriting commissions from the High Yield Fund.

Gryphon 17, LLC ("Gryphon"), provided administration, fund accounting, and transfer agent services to the Trust through May 30, 2025. Pursuant to separate servicing agreements with Gryphon, the Funds paid Gryphon \$973,385 for its services for the period from August 1, 2024 through May 30, 2025.

M3Sixty Administration, LLC ("M3Sixty"), provides administration, fund accounting, compliance, and transfer agent services to the Trust effective May 31, 2025. Pursuant to a separate servicing agreement with M3Sixty, the Funds paid M3Sixty \$233,956 for its services during the period from May 31, 2025 through July 31, 2025.

7. Distribution Plan

The Trust, with respect to the Funds, has adopted the Trust's Master Distribution and Shareholder Servicing Plans for Class A, Class C, and Investor Class shares (the "Plan") pursuant to Rule 12b-1 under the 1940 Act. The Plan provides that a monthly service and distribution fee is calculated by the High Yield Fund at an annual rate of 0.50%, 0.25% and 1.00% of its average daily net assets for Investor Class, Class A, and Class C shares, respectively and is paid to the Distributor to provide compensation for ongoing shareholder servicing and distribution-related activities or services and/or maintenance of each Fund's shareholder accounts not otherwise paid by the Adviser. The Plan provides that a monthly service and distribution fee is calculated by the High Quality Fund at an annual rate of 0.38%, 0.25% and 1.00% of its average daily net assets for Investor Class, Class A, and Class C shares, respectively. The Institutional Shares do not participate in a Plan. For the year ended July 31, 2025, the High Yield and High Quality Funds' Investor Class shares incurred \$183,326 and \$275,328, respectively in fees. For the year ended July 31, 2025, the High Quality Fund's Class A shares incurred \$17,429 in fees.

8. Distributions to Shareholders and Tax Components of Capital

The tax character of distributions paid during the fiscal year ended July 31, 2025, were as follows:

	Ordinary Income	Long-Term Capital Gains
High Yield Fund	\$ 12,549,250	\$ —
High Quality Fund	63,692,830	_

The tax character of distributions paid during the fiscal year ended July 31, 2024, was as follows:

	 Ordinary Income	Long-Term Capital Gains	
High Yield Fund	\$ 5,474,768	\$	_
High Quality Fund	37,387,617		_

8. Distributions to Shareholders and Tax Components of Capital (Continued)

As of July 31, 2025, the components of accumulated earnings/(deficit) on a tax basis were as follows:

		ributed / Income			Capital Loss Carry Forwards	Other Book/Tax Differences		Unrealized Appreciation/ (Depreciation)	Total Accumulated Losses
High Yield Fund	\$	_	\$	_	\$ (81,429,848)	\$	_	\$ (1,060,216)	\$ (82,490,064)
High Quality Fund	138	8,612	(100	,562)	(52,427,682)		_	6,577,622	(45,812,010)

The difference between book basis and tax basis undistributed net investment income/(loss), accumulated net realized gain/ (loss), and unrealized appreciation/(depreciation) from investments is primarily attributable to the tax deferral of losses on wash sales, and tax adjustments for partnerships, trust preferred securities and perpetual bonds.

Under current tax law, net capital losses realized after October 31st and net ordinary losses incurred after December 31st may be deferred and treated as occurring on the first day of the following fiscal year. As of July 31, 2025, the High Quality Fund elected to defer post-October capital losses of \$100,562. The High Yield Fund did not defer any losses as of July 31, 2025.

During the fiscal year ended May 31, 2021, as a result of the acquisition of another fund, the High Quality Fund acquired \$15,574,823 and \$1,535,671 of short-term and long-term capital loss carryover, respectively, which is available to offset future capital gains. In addition, as a result of a change in control due to the merger, the Fund is subject to an annual limitation of \$165,586 (prorated in the initial year) under tax rules. During the year ended July 31, 2025, the High Yield Fund utilized \$750,239 of non-expiring short-term capital loss carryforwards and \$1,297,921 of non-expiring long-term capital loss carryforwards. During the year ended July 31, 2025, the High Quality Fund did not utilize any capital loss carryforwards.

Under the Regulated Investment Company Modernization Act of 2010 (the "Act"), net capital losses recognized after December 31, 2010, may be carried forward indefinitely, and their character is retained as short-term and/or long-term. As of July 31, 2025, the Funds had the following capital loss carryforwards for federal income tax purposes available to offset future capital gains.

_	Non-Expiring Short-Term	Non-Expiring Long-Term	Non-Expiring Limited	Total Non-Expiring
High Yield Fund	\$ 29,740,047	\$ 51,689,801	\$ —	\$ 81,429,848
High Quality Fund	18,996,740	564,886	32,866,056	52,427,682

In accordance with GAAP, the Funds may record reclassifications in the capital accounts, if necessary. These reclassifications have no impact on the NAV of the Funds and are designed generally to present total distributable earnings and paid-in capital on a tax basis which is considered to be more informative to the shareholder. At July 31, 2025, the High Yield Fund reclassified \$287,675 to paid-in capital. There were no reclassifications made by the High Quality Fund as of July 31, 2025.

9. Investments in Affiliated Companies

An affiliated company is a company in which the Funds have ownership of at least 5% of the voting securities or of common management. Companies which are affiliates of the Funds at July 31, 2025, are noted in the High Quality Fund's Schedule of Investments. The High Yield Fund is a mutual fund which is considered affiliated because it is of common management of the Adviser. As of July 31, 2025, the High Yield Fund is the only affiliated fund of the High Quality Fund. The High Yield Fund was not invested in any affiliated funds at July 31, 2025.

Transactions with affiliated companies during the year ended July 31, 2025 were as follows:

		Shares			Change in				Shares	
	Value as	held as of	Realized		unrealized			Value as	held as of	
	of July 31,	July 31,	gain	Return of	appreciation			of July 31,	July 31,	Income
High Quality Fund:	2024	2024	(loss)	Capital	(depreciation)	Purchases	Sales	2025	2025	received
High Yield Fund	\$19,292,628	2,393,626	\$334,573	\$(841,369)	\$508,965	\$25,816,000	\$(16,470,000)	\$29,406,758	3,617,067	\$2,100,475
Total	\$19,292,628	2,393,626	\$334,573	\$(841,369)	\$508,965	\$25,816,000	\$(16,470,000)	\$29,406,758	3,617,067	\$2,100,475

At July 31, 2025, there was \$192,716 of dividends receivable in the High Quality Fund owed by the High Yield Fund.

At July 31, 2025, the High Quality Fund had a \$841,369 balance due from affiliate from overpayment of shares in connection with the 2024 NAV error. The funds to repay this balance have been placed in escrow and are expected to be paid during the fiscal year ending July 31, 2026 (See Note 10).

10. NAV Error

VTB Bank PJSC ("VTB"), a Russian entity held in the High Yield Fund, has been affected by economic sanctions imposed by the United States and other countries since Russia's military invasion of Ukraine in 2022. Based on these sanctions, on August 15, 2024, the Adviser marked the valuation of VTB to \$0.00, however, during the year ended July 31, 2025, the Adviser deemed that this valuation should have taken effect during the fiscal year ended May 31, 2022 and as such, amendments to the respective Forms N-CSR from prior years have been filed, which included the restatement of their respective financial statements and financial highlights. The NAV error had an impact on all subscriptions and redemptions during each period which have been reflected in the restated Financial Highlights as "Impact of NAV Error". The Adviser reimbursed the High Yield Fund \$1,162,979 during the fiscal year ended July 31, 2024, and an additional \$972,265 during the fiscal year ended July 31, 2025. These reimbursements fully remediated the NAV error and ensured that all shareholders were made whole in accordance with the Trust's NAV error policy. The NAV error has been closed and no further reimbursements are expected.

On July 31, 2025, \$5,774,249 was placed into an escrow account for the benefit of the shareholders of the High Yield Fund.

11. Underlying Investments in Other Investment Companies

Each Fund currently invests a portion of its assets in First American Government Obligations Fund Institutional Class shares ("FGXXX"). The Funds may redeem its investment from FGXXX at any time if the Adviser determines that it is in the best interest of the Funds and its shareholders to do so.

The performance of the Funds will be directly affected by the performance of FGXXX. The financial statements of the FGXXX, including the portfolio of investments, can be found at the SEC's website www.sec.gov and should be read in conjunction with the Funds' financial statements. As of the year ended July 31, 2025, the percentage of the High Yield Fund and the High Quality Fund's net assets invested in FGXXX was 1.2% and 7.4%, respectively.

12. Market Disruption and Geopolitical Events

Geopolitical and other events, such as war, terrorist attacks, natural disasters, epidemics, or pandemics could result in unplanned or significant securities market closures, volatility or declines. Russia's military invasion of Ukraine and the resulting broad-ranging economic sanctions imposed by the United States and other countries may continue to disrupt securities markets and adversely affect global economies and companies, thereby decreasing the value of the Fund's investments. Additionally, sudden or significant changes in the supply or prices of commodities or other economic inputs may have material and unexpected effects on both global securities markets and individual countries, regions, industries, or companies, which could reduce the value of the Fund's investments.

13. Litigation and Other Material Events

The Trust, on behalf of the High Quality Fund, filed a complaint in the District Court of Clark County, Nevada on September 1, 2023, against Boxabl Inc. and two of its principals (collectively, "Boxabl"). The claims arose from Boxabl's failure to lift the restrictive legend on private securities timely. On October 5, 2023, the Trust amended its complaint to add Boxabl's transfer agent, Transfer Online, Inc., and the defendants answered the amended complaint on November 21, 2023.

On June 9, 2025, Boxabl announced, and reported on Form 8-K, that it had executed a non-binding letter of intent to merge with FG Merger II, a Nasdaq-listed special-purpose acquisition company. The press release stated that all existing equity holders, including Series A-1 Preferred shareholders such as the High Quality Fund, "would roll 100% of their equity into the combined public company." On August 4, 2025, Boxabl entered into a definitive Agreement and Plan of Merger with FGMC, and on September 18, 2025, Boxabl and FGMC announced the filing of a registration statement on Form S-4 with the SEC in connection with the merger. The combined company is expected to trade on Nasdaq under the ticker symbol "BXBL."

Because the merger, if completed, will result in the Fund's Series A-1 Preferred shares becoming freely tradable on Nasdaq, the litigation was no longer necessary to achieve relief. Accordingly, on July 28, 2025, the Trust filed a motion to voluntarily dismiss the case with prejudice, which the District Court granted on August 12, 2025. No amounts were recovered by the High Quality Fund.

As of July 31, 2025, the Trust had incurred approximately \$223,000 in litigation expenses related to the matter, which were recorded as expenses of the High Quality Fund in the ordinary course. With the dismissal, no further litigation expenses are expected, and the matter is closed.

14. Commitments and Contingencies

In the normal course of business, the Funds may enter into contracts that may contain a variety of representations and warranties and provide general indemnifications. The Funds' maximum exposure under these arrangements is dependent on future claims that may be made against a Fund and, therefore, cannot be estimated; however, management considers the risk of loss from such claims to be remote.

15. Beneficial Ownership

The beneficial ownership, either directly or indirectly, of more than 25% of the voting securities of a fund creates a presumption of control of the fund, under Section 2(a)(9) of the 1940 Act. As of July 31, 2025, National Financial Services, LLC held approximately 32% of the voting securities of the High Yield Fund and 32% of the voting securities of the High Quality Fund and may be deemed to control the Funds. As of July 31, 2025, LPL Financial held approximately 34% of the voting securities of the High Quality Fund and may be deemed to control the High Quality Fund.

16. Subsequent Events

Management of the Funds has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date these financial statements were issued. The evaluation did not result in any subsequent events that necessitated disclosures and/or adjustment.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of Leader Funds Trust

Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities of Leader Capital Short Term High Yield Bond Fund and the Leader Capital High Quality Income Fund (the "Funds"), each a series of Leader Funds Trust (the "Trust"), including the schedules of investments, as of July 31, 2025, and the related statements of operations, changes in net assets, and the financial highlights for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Funds as of July 31, 2025, the results of their operations, the changes in their net assets, and the financial highlights for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

For the Leader Capital Short Term High Yield Bond Fund, the restated statement of changes in net assets for the year ended July 31, 2024 and the restated financial highlights for the year ended July 31, 2024, the period June 1, 2023 through July 31, 2023, and each of the two years in the period ended May 31, 2023, and the financial highlights for the year ended May 31, 2021 were audited by other auditors, whose reports dated November 21, 2025 and July 30, 2021 expressed unqualified opinions on such statement and financial highlights.

For the Leader Capital High Quality Income Fund, the statement of changes in net assets for the year ended July 31, 2024 and the financial highlights for the year ended July 31, 2024, the period June 1, 2023 through July 31, 2023, and each of the two years in the period ended May 31, 2023, and the financial highlights for the year ended May 31, 2021 were audited by other auditors, whose reports dated November 21, 2025 and July 30, 2021 expressed unqualified opinions on such statement and financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We have served as the auditor of one or more of the funds in the Trust since 2025.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Funds are not required to have, nor were we engaged to perform, an audit of the Funds' internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of July 31, 2025 by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

Leader Funds Trust Other Information (Unaudited) July 31, 2025

The Trust, on behalf of the Funds, files a complete statement of investments with the SEC for the first and third quarters of each fiscal year as an exhibit to its report on Form N-PORT. Shareholders may view the filed Forms N-PORT by visiting the SEC's website at http://www.sec.gov.

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available without charge, upon request, by calling 1-800-711-9164; and on the SEC's website at http://www.sec.gov.

Information regarding how the Funds voted proxies relating to portfolio securities during the most recent 12-month period ended June 30th is available without charge, upon request, by calling 1-800-711-9164; and on the SEC's website at http://www.sec.gov.

Shareholder Tax Information - The Funds are required to advise you within 60 days of the Funds' fiscal year end regarding the federal tax status of distributions received by shareholders during the fiscal year. The High Yield Fund paid \$12,549,250 of ordinary income distributions during the year ended July 31, 2025. The High Quality Fund paid \$63,692,830 of ordinary income distributions during the year ended July 31, 2025.

Tax information is reported from the Funds' fiscal year and not calendar year, therefore, shareholders should refer to their Form 1099-DIV or other tax information which will be mailed in 2026 to determine the calendar year amounts to be included on their 2025 tax returns. Shareholders should consult their own tax advisors.

Item 8. Changes in and Disagreements with Accountants for Open-End Management Investment Companies.

The Audit Committee of Leader Funds Trust (the "Trust") has approved and recommended to the Board of Trustees (the "Board"), and the Board has approved Tait, Weller & Baker, LLP ("Tait") to replace Sanville & Company ("Sanvillle") as the Funds' independent registered public accounting firm for the Funds' fiscal year ended July 31, 2025. Through the past fiscal year and through the date of Sanville's replacement as auditor of the Funds, the Funds had no disagreements with Sanville on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which, if not resolved to the satisfaction of Sanville would have caused Sanville to make reference to the disagreement in a Sanville report, and there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934.

With respect to the Funds, Sanville's audit opinions, including for the fiscal year ended July 31, 2024, did not contain either an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the last fiscal year of the Funds, neither the Funds nor anyone on their behalf has consulted Tait on items concerning the application of accounting principles to a specified transaction (either completed or proposed) or the type of audit opinion that might be rendered on the Funds' financial statements, or concerning the subject of a disagreement of the kind described in Item 304(a) (1)(iv) of Regulation S-K or reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K.

The Funds requested Sanville to furnish it with a letter addressed to the SEC stating whether or not it agrees with the above statements. A copy of such letter will be filed as an Exhibit to the Form N-CSR filing.

Item 9. Proxy Disclosures for Open-End Management Investment Companies.

N/A

Item 10. Remuneration Paid to Directors, Officers, and Others of Open-End Management Investment Companies.

Trustee fees paid by the Funds are within Item 7. Statements of Operations as Trustee fees and expenses.

Item 11. Statement Regarding Basis for Approval of Investment Advisory Contract

At a meeting held on June 6, 2025 (the "Meeting"), the Board considered the approval of the renewal of the Investment Advisory Agreement (the "Advisory Agreement") between the Trust and Leader Capital Corp. (the "Adviser" or "Leader") for the Leader Capital Short Term High Yield Bond Fund (the "High Yield Fund") and the Leader Capital High Quality Income Fund (the "High Quality Fund" and collectively with the High Yield Fund, the "Funds").

Legal counsel ("Counsel") then reviewed with the Board the memorandum addressed to the Trustees that summarized, among other things, the fiduciary duties and responsibilities of the Board in reviewing and approving the renewal of the Advisory Agreement. A copy of this memorandum was circulated to the Trustees before the Meeting and included in the meeting materials. Counsel discussed with the Trustees the types of information and factors that the Board should consider to make an informed decision regarding the approval of the continuation of the Advisory Agreement, including the following material factors: (i) the nature, extent, and quality of the services provided by the Adviser; (ii) the investment performance of the Funds; (iii) the costs of the services provided and profits realized by the Adviser from the relationship with the Funds; (iv) the extent to which economies of scale would be realized if the Funds grow and whether advisory fee levels reflect those economies of scale for the benefit of the Funds' investors; and (v) the Adviser's practices regarding possible conflicts of interest. Counsel noted that in response to a questionnaire sent by Counsel, Leader provided information to the Board about Leader's business, personnel, resources, investment strategy, and management of the Funds' portfolios and operations.

In assessing these factors and reaching its decisions, the Board considered information furnished for review and consideration throughout the year at regular Board meetings, as well as information prepared or presented in connection with the annual renewal process, including information submitted to the Board in the Adviser's presentation earlier in the Meeting. The Board requested and was provided with information and reports that are in the meeting materials related to the annual renewal of the Advisory Agreement, including: (i) reports regarding the services and support provided to the Funds and its shareholders by the Adviser; (ii) quarterly assessments of the investment performance of the Funds from the Adviser; (iii) periodic commentary on the reasons for the performance; (iv) presentations by the Funds' management addressing the Adviser's investment philosophy, investment strategy, personnel, and operations; (v) compliance and audit reports concerning the Funds and the Adviser; (vi) disclosure information contained in the registration statement of the Trust; and (vii) a memorandum from Counsel that summarized the fiduciary duties and responsibilities of the Board in reviewing and approving the Advisory Agreement, including the material factors set forth above and the types of information included in each factor that should be considered by the Board to make an informed decision.

The Board also requested and received various informational materials including, without limitation: (i) documents containing information about the Adviser, including financial information, a description of personnel and the services provided to the Funds, information on investment advice, performance, summaries of the Funds' expenses, compliance program, current legal matters, and other general information; (ii) comparative expense and performance information for other mutual funds with strategies similar to the Funds; and (iii) benefits to be realized by the Adviser from its relationship with the Funds.

(1) The nature, extent, and quality of the services provided by the Adviser.

The Board considered the Adviser's services and responsibilities under the Advisory Agreement, including its processes for formulating investment recommendations and assuring compliance with the Funds' investment objectives and limitations; its coordination of services for the Funds among the Funds' service providers; and its efforts to promote the Funds, grow assets, and assist in the distribution of the Funds' shares. The Board considered the Adviser's personnel, operations, succession plans, the education and experience of its staff, and its compliance program. The Board also considered the Adviser's management of the Funds' operations, noting that the Adviser's staff serves as the principal executive officer of the Funds and oversees their other service providers. The Board noted that Leader is an experienced investment adviser with seasoned senior management and that the Funds' performance supported the staff's quality and experience. The Board noted that the Funds are the only accounts managed by the Adviser, and that it focuses all its operations on them. The Board also considered the Adviser's efforts to improve the Funds' operations by identifying, recommending, and overseeing the conversion to new service providers. After reviewing the preceding and further information, the Board concluded that the nature, extent, and quality of the services provided by the Adviser were satisfactory and adequate for the Funds.

(2) The investment Performance of the Funds and the Adviser.

The Board compared the short- and long-term performance of the Funds to their benchmarks, comparable funds with similar objectives and size that are managed by other investment advisers (i.e., the Funds' peer group), and the Funds' benchmarks and category indices (e.g., Morningstar category averages). The Board also considered the consistency of the Adviser's management of the Funds with its investment objective and policies. The Board noted that the High Yield Fund outperformed its peer group average and median for the 1-, 3-, and 5-year periods but underperformed for the 10-year period, ranking second in the 1-year period, first in the 3- and 5-year periods, and ninth in the 10-year period. For the High Quality Fund, the Board noted that it had outperformed its category and benchmark across all periods, and ranked first in its peer group for the 3-, 5-, and 10-year periods and second in the 1-year period. Based on the preceding, the Board concluded that the investment performance information presented for the Funds was satisfactory.

(3) The costs of the services provided, and profits realized, by the Adviser from the relationship with the Funds.

The Board considered the Adviser's operations and financial condition and its commitment to the Funds' operations, as well as the asset levels and overall expenses of the Funds. The Board considered the financial statements of the Adviser and its profitability. In considering the Funds' fees and expenses (including the management fee) relative to its peer group, the Board noted that each Funds' management fee and net expense ratio was above the average and median for the Fund's peer group and category, but within a reasonable range given the services provided by the Adviser and its performance. The Board also noted that the High Yield Fund's assets were above the peer group average and median but substantially below the category average and median. For the High Quality Fund, the Board noted its assets were above the peer group average but below its median and substantially below the category average and median. The Board considered how total assets affect the Funds' net expense ratios. The Board considered that the Adviser's only accounts are the Funds, and it dedicates all its resources to supporting them. Following this analysis and upon further consideration and discussion of the preceding, the Board concluded that the fees paid to the Adviser by each of the Funds were fair and reasonable.

The Board also considered Leader's profitability from managing the Funds based on profitability reports and analyses provided by Leader to the Board. The Board noted that the Funds are the only accounts managed by Leader, and that all its resources are applied to managing the Funds and their portfolios. After review and discussion, the Board concluded that the profit from Leader's relationship with the Funds was not excessive.

(4) The extent to which economies of scale would be realized if the Funds grow and whether advisory fee levels reflect these economies of scale for the benefit of the Funds' investors.

The Board considered the Funds' fee arrangements with the Adviser, noting that there was no expense limitation agreement between the Funds and the Adviser. For the High Yield Fund, the Board noted that it had not yet achieved economies of scale and that such economies would not occur until the fund reached at least \$1 billion in assets. The Board reviewed with the Adviser the High Quality Fund's economies of scale now that its assets have increased above \$1 billion. Following further discussion of the Funds' asset levels, expectations for growth, and expense structure, the Board determined that the Funds' fee arrangements, considering all the facts and circumstances, were fair and reasonable.

(5) Possible conflicts of interest and benefits derived by the Adviser.

The Board evaluated the potential for conflicts of interest and considered the experience and ability of the advisory and compliance personnel assigned to the Funds, the fact that the Adviser uses soft dollars but that its only accounts are the Funds, the basis of decisions to buy or sell securities for the Funds, and the substance and administration of the Adviser's code of ethics. The Board also considered the Adviser's role as the Funds' valuation designee, the potential conflicts of interest inherent in that role, and how the Adviser's controls and reporting seek to mitigate that risk. Based on the preceding, the Board determined that the Adviser's standards and practices relating to the identification and mitigation of possible conflicts of interest were satisfactory.

In considering the Advisory Agreement, the Board, including the Independent Trustees, did not identify any single factor as controlling, and each Trustee may have attributed different weights to the numerous factors. The Board reached the following conclusions regarding the Advisory Agreement, among others: (a) the Adviser demonstrated that it possesses the capability and resources to perform the duties required of it under the Advisory Agreement; (b) the Adviser maintains an appropriate compliance program; and (c) each Fund's advisory fee is reasonable considering the Adviser's proposed services. Based on their conclusions, the Board, including the Independent Trustees, determined that renewal of the Advisory Agreement was in the best interests of each Fund and its future shareholders.
