How did the Fund perform last year?

The Leader Capital Short Term High Yield Bond Fund Investor Class shares returned 11.76% during the year ended July 31, 2025 versus 3.38% for its benchmark, the Bloomberg U.S. Aggregate Bond Index.

What factors influenced performance during the past year?

- The Fund's fixed income strategy was positioned to balance risk and reward. In a high-interest rate environment, with a stable economy, relatively low unemployment, and tight credit spreads, we positioned the portfolio in the short end of the yield curve, with floating-rate securities such as CLOs serving as key contributors.
- As the Fund's investment advisor, our process is both robust and straightforward, utilizing a top-down and bottom-up approach. Rather than attempting to predict the market, we allow the market itself to guide our actions. Additionally, we apply a technical analysis framework, incorporating indicators such as the 50-day, 100-day, and 200-day moving averages, RSI, MACD, and Bollinger Bands to inform our decisions.

How has the Fund Changed?

The Fund did not have any material changes that occurred during the reporting period.

Change in and Disagreements with Accountants

The Audit Committee of Leader Funds Trust (the “Trust”) has approved and recommended to the Board of Trustees (the “Board”), and the Board has approved Tait, Weller & Baker, LLP (“Tait”) to replace Sanville & Company (“Sanville”) as the Funds’ independent registered public accounting firm for the Funds’ fiscal year ended July 31, 2025. Through the past fiscal year and through the date of Sanville’s replacement as auditor of the Funds, the Funds had no disagreements with Sanville on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which, if not resolved to the satisfaction of Sanville would have caused Sanville to make reference to the disagreement in a Sanville report, and there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934.

With respect to the Funds, Sanville’s audit opinions, including for the fiscal year ended July 31, 2024, did not contain either an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the last fiscal year of the Funds, neither the Funds nor anyone on their behalf has consulted Tait on items concerning the application of accounting principles to a specified transaction (either completed or proposed) or the type of audit opinion that might be rendered on the Funds’ financial statements, or concerning the subject of a disagreement of the kind described in Item 304(a)(1)(iv) of Regulation S-K or reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K.
